

WEST HEATH AVENUE

LONDON NW11

WEST HEATH AVENUE

LONDON NW11

A rare opportunity to acquire an exceptional low built detached residence (472.3 sq m/5,084 sq ft) discreetly appointed behind a deep carriage drive yet only 100 metres from Golders Hill Park, and within close proximity of Hampstead Heath and Golders Green Underground Station (Northern Line).

The house which has been in the same family ownership for over 30 years offers a once in a generation opportunity to acquire an exceptional family home occupying a magnificent 0.37 acre plot featuring a beautiful 48.3m due south garden incorporating a full sized tennis court and represents a rare chance for a discerning purchaser to either renovate or remodel and subject to the necessary consents, to either extend or potentially demolish and build a substantially larger house on the existing plot.

The property is located on West Heath Avenue in between Finchley Road and the foot of West Heath Road and is literally a short stroll from Golders Hill Park which adjoins West Heath forming part of Hampstead Heath.

Golders Hill Park is predominantly a grassy parkland but it also has a formal, beautifully tended, flower garden next to a duck pond, a separate water garden, which leads onto a larger pond, a recently renovated small zoo, mostly in one bloc but with a separate pen primarily for fallow deer. A butterfly house is open at certain times in summer and there are also tennis courts, a playground, and croquet lawns. A restaurant stands at the top of the park close to the main entrance on North End Road and in the summer, children's activities are organised and through June and July there is also live music on the bandstand on Sunday afternoons.

By definition to its very close proximity to Finchley Road and Golders Green Underground Station (Northern Line) the property is superbly served by public transport with a multitude of bus routes and the subway providing exceptional connectivity to the West End and City whilst both the M1 and North Circular Road are less than one mile away.

The precise location of the property is also extremely well placed to numerous outstanding primary and secondary schools in the Hampstead, Hampstead Garden Suburb and Golders Green area in addition to which, it is superbly situated in relationship to numerous places of worship for all faiths.
