CRAFTING THE EXTRAORDINARY

At Bishops Avenue Gardens, every detail has been hand-crafted. From the fine finishes to the bespoke furnishings, you can feel the care and artistry woven into every feature. Each element, thoughtfully designed and expertly executed, reflects a commitment to craftsmanship. Whether it's the intricate woodwork and hand-selected materials, or the custom-designed interiors, the quality is unmistakable. The result is a residence where the passion for detail is not just seen, but felt in every room.

THE RESIDENCES

The buildings, both old and new, at Bishops Avenue Gardens, have a discreet but definite grandeur. This harmonious collection of homes sits easily among woodland and landscaped gardens, whose vibrant colours and variety of textures lend a softness to the built environment.

Each apartment is a carefully-curated work, discreetly different from any other in layout, design detail and finish. A sanctuary that is unique and special. A personal space as individual as those who have the privilege of living within it.

Luxury and comfort, character and charm combine to provide an outstanding place to live. Soak up the panoramic views. Breathe in the fresh air in the private gardens. Enjoy all that this rarefied setting has to offer.

KITCHEN

In the kitchens at Bishops Avenue Gardens, form and function strike a rare harmony. These are spaces where quartzite worktops catch the morning light, timber flooring offers quiet texture, and every detail from the antique brass finishes to the integrated Gaggenau appliances feels intentionally placed. It's a setting designed not just for cooking, but for living beautifully; where timeless materials and modern convenience come together in seamless, understated style.

“There are many things that make a space beautiful. Balance and proportion. A sense of sympathy with local history and architecture. But we believe the most beautiful spaces are those with soul. Spaces that are not showpieces but sanctuaries, inviting conversation, celebration. Calm. These are the spaces we create.”

“Life began in a garden. And so the design of the Gardens of Bishops Avenue forms a perfect sanctuary from our busy lives. Giant one hundred-year-old Oak trees tower overhead creating dappled shade throughout a series of beautifully composed water gardens, ornamental beds, and woodland walks. The Gardens are a place to be at one with nature and to be immersed in a beautiful enclave of plants.”

HAMPSTEAD HEATH

A treasure of London, Hampstead Heath offers 800 acres of sweeping meadows, ancient woodlands, and tranquil ponds. It's a haven for those who love to explore the outdoors, offering breathtaking views from Parliament Hill, leisurely walks and opportunities to connect with nature – all just moments from Bishops Avenue Gardens. Living so close to the Heath means your home extends into one of the city's most iconic green spaces.

LOCAL NOURISHMENT

Hampstead's local shops, including The Hampstead Butcher and Providore, line its High Street and such picturesque alleys as Flask Walk, home to antiquarian Keith Fawkes, who has owned this vintage bookshop for 60 years. Highgate's high street has a more traditional feel, with much-loved local institutions such as the butcher's, stationer's and Wholefoods store, alongside the likes of the interior design-focused Insidestore, and the popular independent Highgate Bookshop, among its local delis and artisan bakeries.
